Community Led Grants

The revised IAS Grant Guidelines include a new Community Led grants process that will enable Aboriginal and Torres Strait Islander people, communities and service providers to seek grant funding to address emerging needs and/or opportunities that they have identified as priorities. The grant is targeted at funding activities which promote education, employment and economic development and community safety.

The local PM&C Regional Network office may invite applicants to provide a short initial proposal which outlines the project. Based on the information provided, the Department may then provide advice to the organisation.

Status	Closed
