# Distribution of wealth and growth of PBCs by size

The Prescribed Body Corporate (PBC) Native Title Policy Paper series has been developed to share findings from AIATSIS' native title research projects and the impact of those findings on current policy conversations.

This policy paper examines the distribution of wealth and growth of PBCs by size between the years 2010-11 and 2015-16 calculated in terms of net totals and growth rates in the areas of income, assets, equity and staff.
