PBC Constitutions - Dispute Management

The Prescribed Body Corporate (PBC) research snapshot series has been developed to share findings from the Native Title Research Unit's (NTRU) investigation into the constitutions and financial reports of PBCs. This research forms part of the PBC Capability project which aims to develop a long-term national picture of the PBC sector.

This snapshot looks at the dispute management processes within PBC constitutions, examining the use of NTRBs, independent mediation and elder's councils to resolve disputes.
