PBC financial growth - National picture

The Prescribed Body Corporate (PBC) research snapshot series has been developed to share findings from the Native Title Research Unit's (NTRU) investigation into the constitutions and financial reports of PBCs. This research forms part of the PBC Capability project which aims to develop a long-term national picture of the PBC sector.

This snapshot provides an overview of the NTRU's analysis of the publicly available financial data submitted to the Office of the Registrar of Indigenous Corporations (ORIC), and examines the financial growth and development of PBCs from the financial year 2010-11 to 2015-16.
